

VSSEC—NASA Australian Space Prize

Have you dreamed of working on a NASA project?

Through the awarding of this prize, an Australian university student will participate in a 10 week academy program or NASA affiliated summer program and work directly with NASA scientists and engineers.

Categories:

-  **Space Engineering**
-  **Geology and Planetary Geology**
- Biology and Human Physiology**
- Data Processing and Electronics**
- Space Physics and Astrophysics**

Applications close Monday 7th December
